

Since 1990

## PERFECT HEAT PRODUCTS & PLASTICS

Manufacturers of : ALL TYPES OF INDUSTRIAL HEATERS FOR PLASTIC, RUBBER, PHARMACEUTICAL, CHEMICAL, CORRUGATED BOX ETC INDUSTRIES

**Ceramic Heater**  
With extra insulation

**Ceramic Heater**

**Ceramic Perforated Heater**

**Cast-in Heater**

**Mica Band Heater**

**Coil Heater**

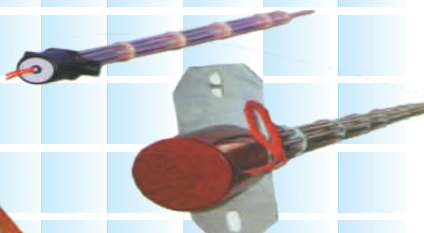

**Tubular Heater**  
(Oil Immersion Heater,  
Water Immersion Heater,  
Air Heater, Oven Heater etc.)

**Cartridge Heater**  
Low & High Density

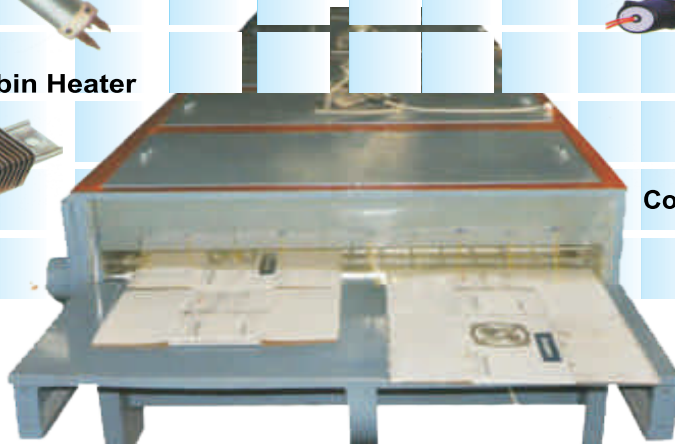

**Ceramic Bobbin Heater**

**Corrugation Machine Heater**

**Strip Heater With Finnes**

## Corrugated Box or Sheet Dryer System

**Note :** Electricity consumption required in the machine is 3 Phase.

**FEATURES :** The special features of this machine as follows :

1. The machine is specially manufactured for corrugated box and sheet drying purpose.
2. The speed of conveyor in the machine is variable due A C drive installed in the machine.
3. The three digital temperature controller installed in the machine for controlling the heat in the heating chamber.
4. Heavy and good quality of electronic/Electric goods in the panel and heater used in the machine
5. The machine is manufactured by very heavy fabrication

Plot No. 4804/2, Plastic Zone, G.I.D.C., SARIGAM - 396 155. Dist. Valsad. (Gujarat)
